Smudging and Prayers

Ugu Sharon Carter attempted to begin the business meeting when Linda Trussell stepped up and asked to speak.

Ugu gave Ms. Trussell the floor.

Linda Trussell then announced that she was in charge of Tsalagiya Nvdagi non-profit so in turn was banishing Ugu Sharon Carter and Deputy Chief Jennifer Forest from Land of Spirits our Tribal Land.

Ms. Trussell then presented paperwork showing that she had sold Land of Spirits our Tribal Land in December of 2022 to Kassa Willingham for \$10.00 (ten dollars).

Linda Trussell then told Ugu Sharon Carter and Deputy Chief Jennifer Forest that they had to leave the property immediately or the authorities would be called.

The meeting was adjourned and everyone left the property except Linda Trussell, Kassa Willingham, John Stephenson, Brenda Sheridan and Jack Sheridan.

PSA:

Linda Trussell is not in charge of the non-profit or of any facet of the Tsalagiya Nvdagi Tribe or Tsalagiya Nvdagi LLC. Former Ugu Ron Trussell left the disputed Tribal Property Land of Spirits in his wife Linda Trussells name after his passing in July of 2022 despite the Tribal Council requesting that the property be put in a Trust. Linda Trussell having had our Tribal Land willed to her chose to sell our land out from under us all for \$10.00. Because the property deed read Kassa Willingham our Tribal Council decided to leave rather than get trespassed by authorities.
